2020

OUR EXPO GIVES YOU
THE OPPORTUNITY TO
SHOWCASE YOUR PRODUCTS
& SERVICES TO BUSINESSES
THROUGHOUT ARKANSAS

THE CONTACTS YOU NEED ARE AT OUR SHOW!

"I have attended the ACES show for over 25 years. We hope to come another 25 years. I always enjoy getting to see my friends and customers that attend this show. The ACES show continues to be the backbone for business in this industry."

ISLAND BOOTH

An Island Booth is a minimum of 20' x 20' and has aisle frontage all the way around the island. It comes with carpet if you need it and as many as 4 draped tables and 8 chairs. We have designed our floor layout so that water and power are easily available from the convention center for all islands. Any drapes must be pre-approved by our EXPO Manager.

PREMIUM END-CAP BOOTH

Premium End-Cap Booths are 10' x 20' in a prime location with plenty of open access and in the best traffic areas. The center 10 feet of the back wall of the booth may contain a display 8 feet high. The 5 feet on either side of the center portion are limited to displays only 4 feet high. These booths come with two 6 foot draped tables and 4 chairs.

HIGH-BACK DISPLAY BOOTH

These Booths are also 10' x 20' in a prime location with plenty of open access. But they are designed for exhibitors who have a display specifically designed to be 8' high the entire 20' width of their booth. Such a display cannot be located in any other endcap. These booths come with two 6' draped tables and 4 chairs. Any display higher than 8 feet needs to be pre-approved with the EXPO Manager.

BOBTRUCK AND TRANSPORT SPACE

These spaces are specifically designed for transport / bobtruck vehicles and are located around the perimeter of the show floor for ease of access. These spaces will be assigned a pre-arranged move-in time closer to the show date for your convenience. These spaces also come with a draped table and chairs if needed. And if you have a display you need to set-up, our EXPO Manager will work with our floor layout to accommodate your needs.

SINGLE AND IN-LINE BOOTHS

A Single Booth is 10' x 10' and 2 Single Booths side by side or 10' x 20' is an In-Line Booth. These booths come with a 6 foot draped table and 2 chairs for each 10' x 10' space. These booths are draped with an 8 foot high back and 3 feet high sidewalls between booths. There will be no sidewalls at the ends of aisles unless specifically requested. We keep our aisles short to ensure you will have plenty of line-of-sight access to all our show attendees.
